Mr. and Mrs. Steve Robins  
2421 McCormick Road  
Rockville, Maryland 20850

Dear Mr. and Mrs. Robins:

The Architectural Committee is in receipt of your written request to install a concrete patio and new fence. This is to conform to the line previously demarcated by the fence now in place.

It is difficult for us to picture the nature of the patio you are planning, but we do feel that since it is to be within the fenced enclosure, it is fully up to you. We have no problem with your moving forward as you have shown.

We hope your project goes well and that you will find it an enhancement for your family. If there are any additional requests or concerns, please contact us as per the covenants.

Best to you.

Sincerely,

(Mrs.) Leslie B. Sklarew  
Architectural Control Chairperson
